Freyman, 1441 Main Street, Springfield, MA was present to represent the application. She informed the Council that the Moseley School was built in 1915. It was used as a school until 2009 when it was permanently closed. In 2010 the City sent out an RFP but did not choose anyone. The RFP was reissued in 2014 and Domus, Inc was chosen for a development of 24 units for low to moderate income levels. Attorney Freyman explained that the two-thirds of the property is in Residence C and one-third is in Residence B. The request for all Residence C would allow a more dense multi-family use. She informed the Council that the application received unanimous support

from the Planning Board. Also letters of support have been submitted by Representative Velis, Ward 2 Councilor Figy, who could not be present at tonight's meeting and the Historical Commission. Ms. Ann Lentini, Executive Director of Domus, Inc. informed the Council that the developmental will be affordable housing. Her latest project, Our House, the renovation of the former Red Cross building on Broad Street for homeless teenagers will open in the summer at which time she will have an open house for everyone. Councilor Bean questioned why the property was a split zone. Attorney Freyman explained that Princeton Street was a paper street and once it was expanded it encompassed two different zones. Councilor Paul questioned how much Domus, Inc pays in taxes. Ms. Lentini informed him that she pays \$52,000.00 and the Moseley building project will generate approximately \$10,000.00 to \$11,000.00 in taxes to the City. Councilor Dondley thanked Ms. Lentini for restoring old, historic buildings. He questioned the difference between Residence B and Residence C. She explained that Residence C allows for a more dense multi-family project. Attorney Freyman explained that the zoning is contiguous with other Residence C, it is not a spot zone. Councilor O'Connell questioned the time frame of the project. Ms. Lentini explained once the zone change is approved, she will send the application to the State for funding. Councilor O'Connell questioned if keeping the Public Hearing open until the next City Council so that the Ward 2 Councilor will be able to speak on the project will hinder the timeframe of the project. Ms. Lentini informed the Council that keeping the Public Hearing open would be fine. Councilor Allie questioned the type of units of the project. Ms. Lentini informed him that there will be 1, 2 and 3 bedrooms and that the footprint of the building will not be increased, except for a build out for the elevator. Ms. Janet Gravel, 74 Apple Orchard Heights spoke in favor of the application. She informed the Council that she is the Site Plan Coordinator for the Prospect Hill apartments.
